It was at this time that the Navy ordered families to leave the area. We headed north to stay with family in [REDACTED] New York. My husband had to remain in the area because of the Navy. Each day spent in N.Y. made me more home sick. Our two children enjoyed the snow and the school I enrolled them in. I wanted to get back home and also needed to return. My husband was not able to get leave to pick us up until Thanksgiving at this time. We headed back to our lovely city. We have only been back a few days. We are happy to find out that much of the city might be gone but the love, & warmth is still there.

I think this is wonderful what you are doing. I knew that Waveland would help all their residents. Please accept my letter even though it will arrive late, the reason for this is "mail forward". I did not get it until Dec. 1st. I am enclosing the envelope so you can see the date.
